YEAR TWO TOPIC NEWSLETTER

Autumn Term 2026

Dazzling Dahl

During our new topic, the children will be focussing on a range of books written by Roald Dahl, and will look closely at the illustrations by Quentin Blake that feature throughout. In literacy, the children will begin by studying the story of 'Charlie and the Chocolate Factory' and will plan and write character descriptions, a letter, riddles about other characters in the story, and even invent their own sweet! After this, they will move onto the story of 'Matilda'. During our Dazzling Dahl exhibition morning, you will have the opportunity to come into school and read the wonderful writing that the children have produced. During art lessons, the children will study the work of Quentin Blake before sketching their own Roald Dahl inspired character which will be painted with watercolours. In design and technology lessons, the children will propose a healthier alternative to Willy Wonka's chocolates and sweets by creating their own super smoothies. In science, the children will take part in a number of experiments where they will test the suitability of different materials, making links to the material's properties. In maths, the children will look at measurements including mass, temperature, length, height, volume and capacity. They will then move onto recalling the values of coins and notes before studying the properties of 2D shapes.

Home Learning Activity

For the children's home learning, we would like them to choose their favourite Roald Dahl story and prepare a short presentation explaining why it is their favourite of his stories. They should use evidence from what they have read in books. We would like the children to present their home learning in their own way, e.g. a poster / paragraphs/ a mind map etc. They will then have the opportunity to share their presentation in class. Please can your child bring their home learning into school by **Monday 7th December 2026.**

Focus Author

This half term, we will continue to read books written by **Roald Dahl.**

Diary Dates

Tuesday 3th November – Roald Dahl dress up day

Wednesday 4th November –Canford Heath Infant School Open Evening for prospective parents

Thursday 10th December – Christmas dinner and jumper day

Friday 18th December –Christmas Party Day (non-school uniform day)

*** Letters will follow nearer to the time ***

PE – Gymnastics and Outdoor Games

The focus for the children's work in gymnastics will be developing body control, balance and working on linking movements together.

In outdoor games, we plan from a scheme called 'Get Set 4 PE' which is fully aligned to the National Curriculum and Ofsted requirements. This half-term, we will focus on sending and receiving, as well as teamwork.

PE days for this half term are as follows:

Lions: Monday and Tuesday

Leopards: Tuesday and Wednesday

Tigers: Monday and Thursday

Panthers: Wednesday and Thursday

Please help us to keep your child safe by removing their earrings on PE and outdoor games days, otherwise they will be unable to fully take part in these sessions. Please also ensure

that if your child has long hair, it is always tied back; their PE kit is in school and that their clothes are clearly labelled with their name. Your child's PE bag will stay at school all half term and be sent home for a wash in the holidays.

PSHE and Religion and Worldviews

The children's learning will continue to be based on the Jigsaw scheme of work in PSHE lessons and we will be moving onto a new topic called 'Celebrating Difference'. In Religion and Worldviews, the children will continue to learn about Christianity, specifically why most Christians believe God gave Jesus to the world and how different faiths have different celebrations.

As always, if you have any questions about this newsletter, please contact your child's class teacher.

Thank you for your continued support.
